

Builders Society

Every size gift matters as we build a school. But for those interested in sponsoring whole pieces of the school, we present the following options. Contact Merritt at 801-810-4525 or merritt@malirisingfdn.org for more information or to sponsor an entire school (\$55,000).

A classroom: \$10,000

Name your classroom for yourself, a loved one, your business, etc. A plaque is placed inside your classroom, and you are invited to the school opening. Receive recognition in online materials & regular updates from your school. Three available per school build.

The principal's office: \$6,000

Were you sent to the principal's office a lot as a child? Celebrate how far you've come! Sponsors can name the office, and a plaque is placed inside the office. Receive recognition in online materials & regular updates from your school. One available per school build.

A latrine block: \$3,000

It isn't the most lovely item but it is perhaps the most needed! Name the latrine for yourself, a loved one, your business, etc. A plaque is placed outside the latrines. Receive recognition in online materials & regular updates from your school. Two available per school build.

Solar power: \$2,000

Help students succeed with light for night studying and power to charge a mobile computer library. Receive recognition in online materials & regular updates from your school. One available per school build.

Set of textbooks: \$1,000

A school without books? No way. Sponsor a set of 100 textbooks in a key subject. Receive recognition in online materials & regular updates from your school. Ten or more available per school build.
